

Invitation | Joint Workshop 5G-ACIA and 5G Forum 14 - 15 March 2019

The fourth stage of the industrial revolution, termed “Industry 4.0”, is the next era in manufacturing. The goal is to significantly improve the flexibility, versatility, usability and efficiency of production systems –and to realize the vision of the smart factory. Wireless communication, and in particular 5G, is an important means by providing powerful and pervasive communication between machines, people and objects of achieving manufacturing flexibility. The 5G-ACIA has been formally established, whose main objective is to ensure the best possible applicability of 5G technology and 5G networks for the industrial domain.

We are delighted to host the workshop together with the 5G Forum and are pleased to invite you to this information event.

Date: Thursday 14 March – Friday 15 March 2019 | Location: Sheraton Seoul Palace Gangnam, Korea

Program Day 1

09:00 – 10:00 Welcome from the 5G Forum & 5G-ACIA
10:00 – 13:00 Session I: Overview of 5G-ACIA
14:00 – 16:30 Session II: Perspectives from 5G-ACIA
16:30 – 17:00 Closing remarks and end of day 1

Program Day 2

09:00 – 09:15 Welcome from the 5G Forum
09:15 – 12:00 Session III: Overview of 5G Forum
13:00 – 14:15 Session IV: Perspectives from Industry
14:45 – 15:45 Session V: Perspectives from China, Japan, Korea
15:45 – 16:45 Session IV: Panel Discussion: Joint Collaboration
16:45 – 17:00 Closing remarks and end of the workshop

Benefits

One of the main differences between 5G and previous generations of cellular networks lies in 5G’s strong focus on machine-type communication and the Internet of Things (IoT). 5G-ACIA as the leading organization for Industrial 5G and the Global Market Representation Partner of 3GPP for Industrial 5G is actively shaping the standardization work.

Registration

Please register to the Workshop by email to: jwheo@kani.or.kr

Please note that participation is by invitation.

Thank You!
